

Senior Environmental Scientist, Supervisor, The Department of Fish and Wildlife (CDFW) is hiring a Senior Environmental Scientist (Supervisor) to oversee and direct the CDFW Trout Strategic Plan, lead the Heritage and Wild Trout Program and Fisheries Genetics Program, along with integration/coordination of inland trout fisheries across California. The CDFW has a long history of managing both wild and hatchery supplemented fisheries and is looking for an individual that can lead these important CDFW programs into the future. Individuals interested in the position should possess both a keen understanding of ecology/conservation along with a balanced approach that supports both native and non-native fisheries. This position will supervise scientists and varying seasonal staff across multiple programs and will be based in West Sacramento at the new Fisheries Branch Research & Field Station.

Salary Range (Annual): \$102,336 - \$127,224

For more information about the position please follow the link <https://jobs.ca.gov/CalHrPublic/Jobs/JobPosting.aspx?JobControlId=133800> In order to be considered for the position, you must take an on-line self-examination, available on Cal Careers website (<https://calcareers.ca.gov/CalHrPublic/Exams/Bulletin.aspx?examCD=4PB1002>). Ranking on this exam is required in order to apply for this job posting in the future. **Please contact Roger Bloom (Roger.Bloom@wildlife.ca.gov) for more information about this position.**
